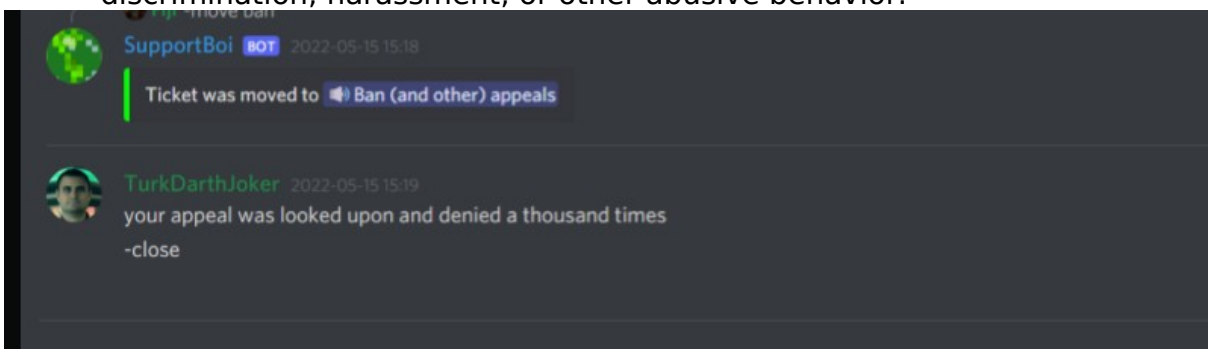
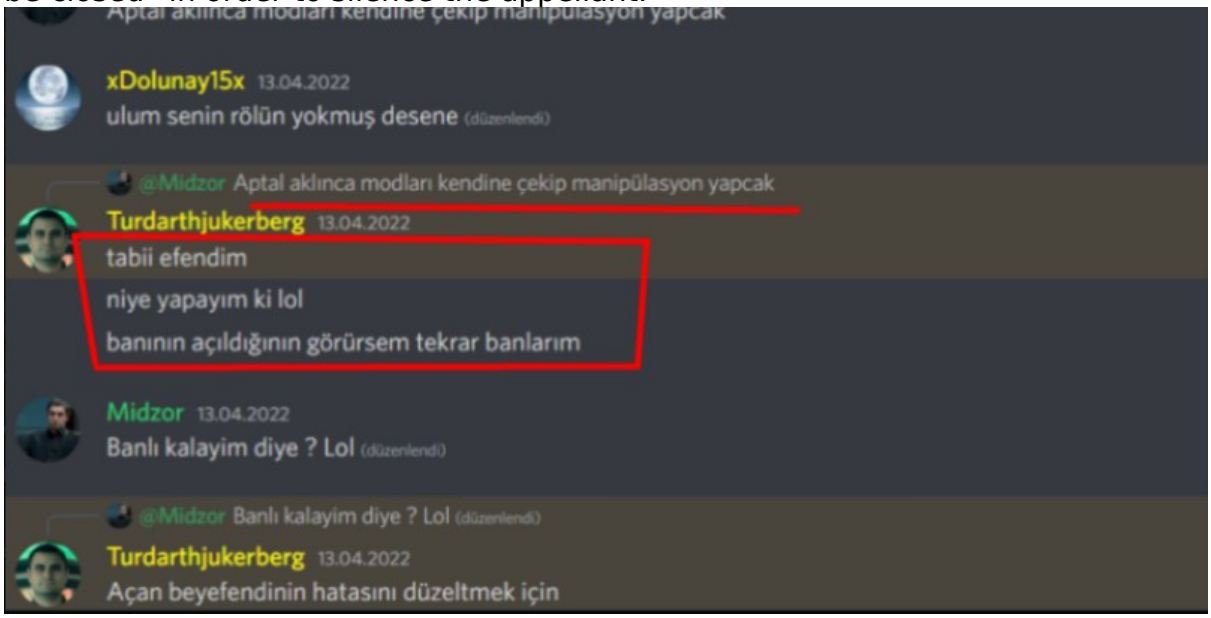
STAFF CONDUCT BREAK 1 (Midzor)

- Staff members are expected to treat all players and other staff members with respect and courtesy at all times. This includes avoiding discrimination, harassment, or other abusive behavior.



Only one minute after an appeal was made (which shouldnt have been handled by tdj for bias) he closes the ticket on his own, not even moving it to “waiting to be closed” in order to silence the appellant.



Translation below:

Tdj: If you send a message to anyone it will come straight back to me

Midzor: You think with your small mindset that you can take mods to your side and manipulate them

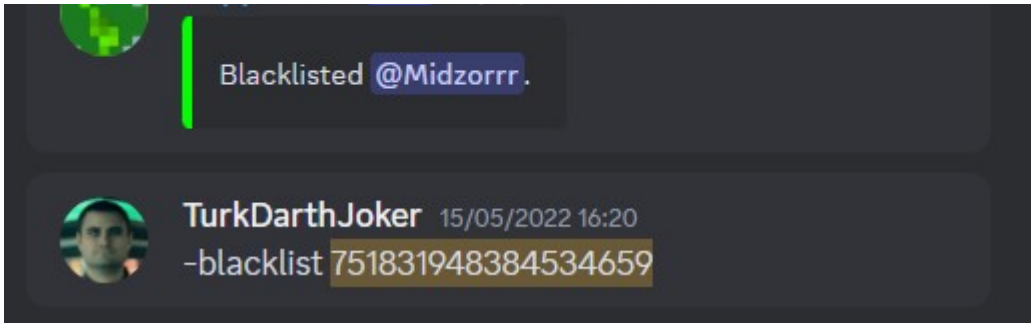
Tdj: for sure sir

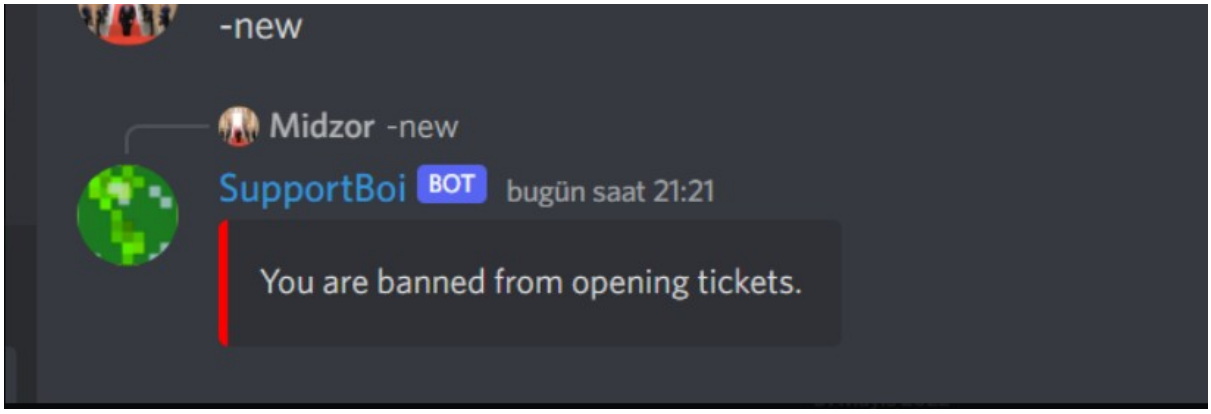
why would i do that lol

if i saw you getting unbanned i will just ban you again

Midzor: just so i can stay banned? lol

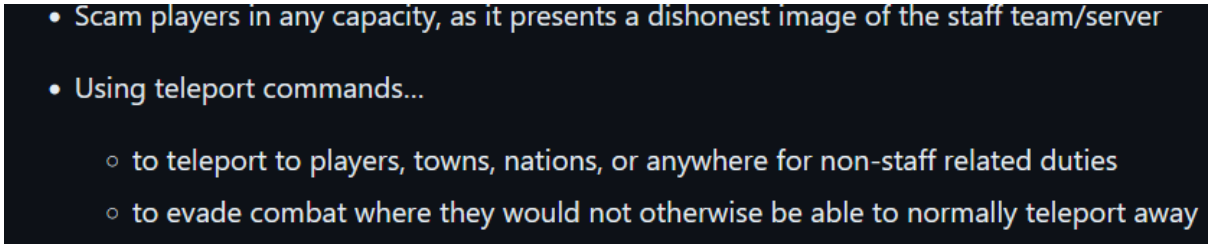
Tdj: So i can fix the mistake of the person who unbans you

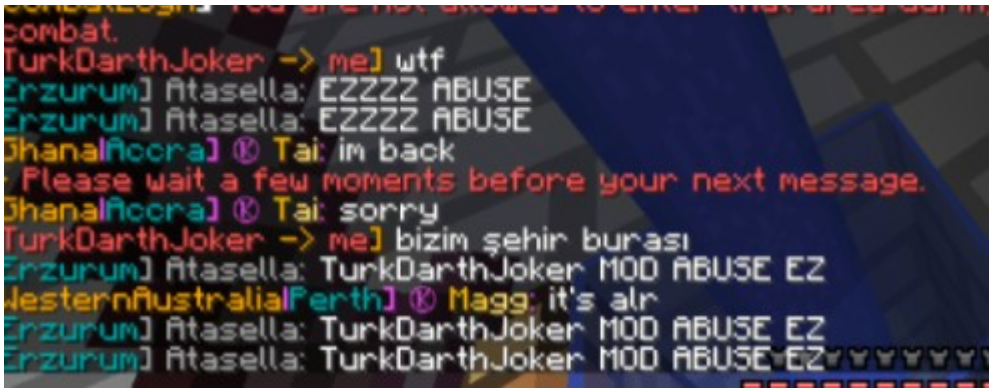




Midzor was blacklisted from opening a ticket by TDJ for no reason for a month, from 15 May 2022 to 22 April

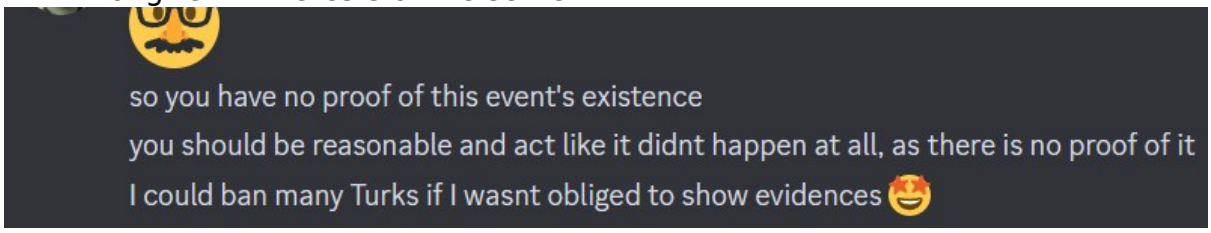
STAFF CONDUCT BREAK 2 (ATASELLA)





STAFF CONDUCT BREAK 3 (GENERAL BEHAVIOUR)

- Staff members are expected to act in the best interests of the server and its community. This means prioritizing the needs of the community over their own personal interests, and making decisions that are in the best long-term interests of the server.



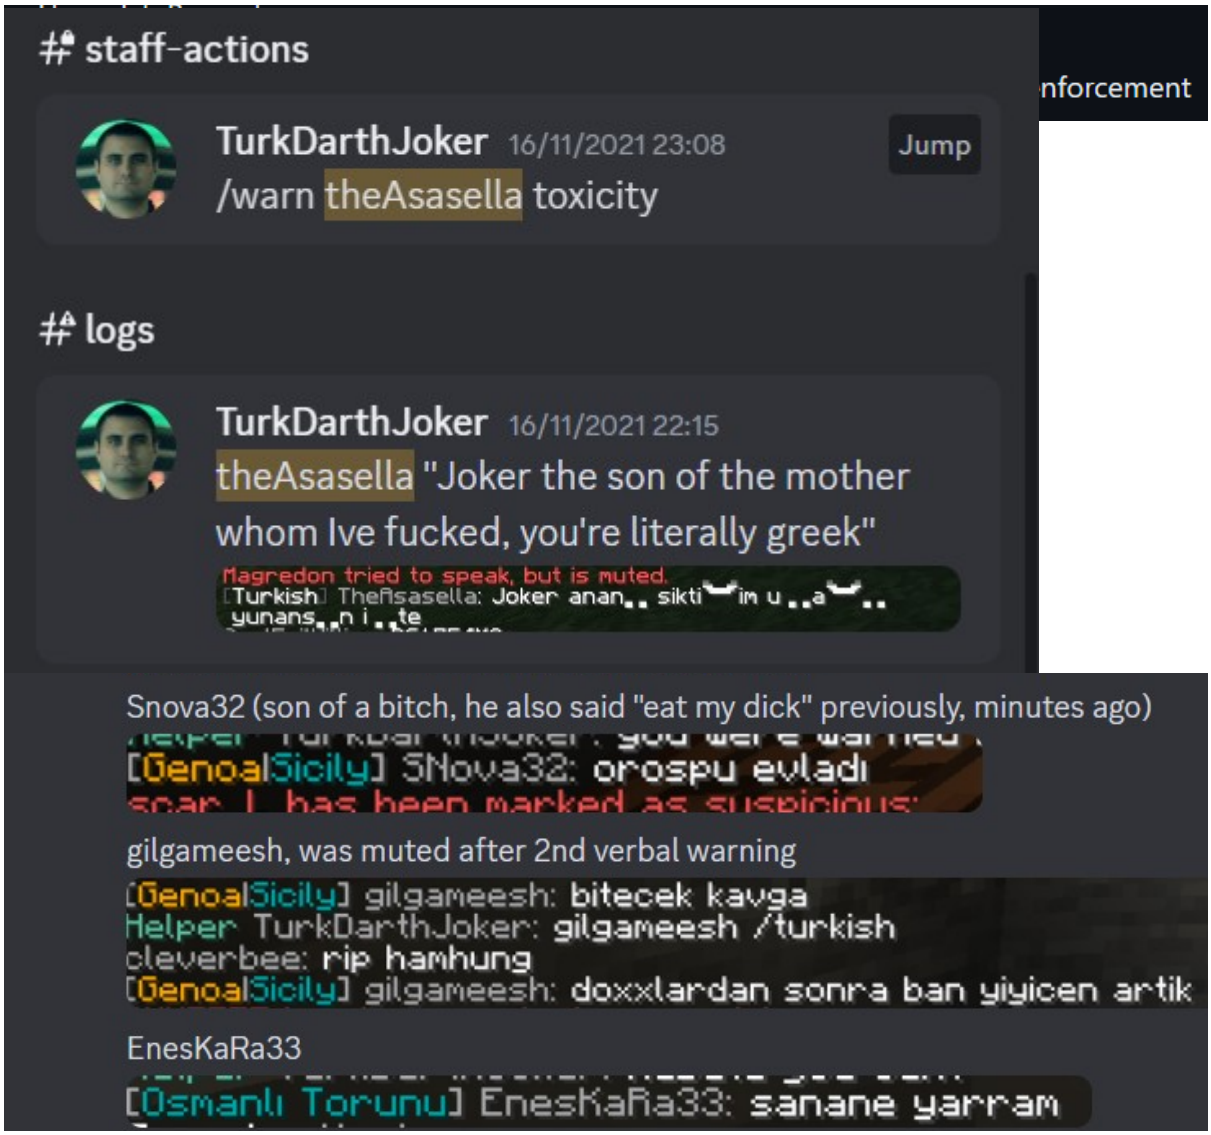
I have helped the turks by banning the retarded ones
their community couldnt have been better

TurkDarthJoker 31/01/2023 20:59
I have banned more than a hundred turks

TurkDarthJoker 31/01/2023 20:58
I was made a mod for handling turks

TurkDarthJoker 31/01/2023 20:41
however I have become a mod because of my actions against the turks

Message could not be loaded
TurkDarthJoker 31/01/2023 20:17
people used to call me Turk



Neither of these actions are approved in the staff manual or previous rules.

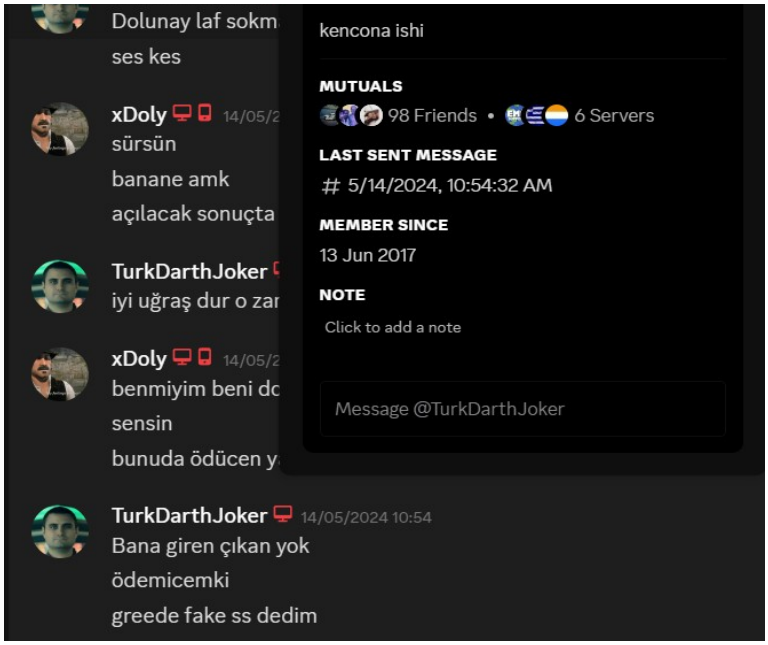
RULE BREAK 2: FAKE EVIDENCE



Evidence showing that tdj only told Greed about the screenshot about doly doxxing being forged to not get banned, he only acknowledged this after being shown evidence that disputed the legitimacy of the screenshot, thus making him ineligible for an unban for forging evidence. He should have confirmed its legitimacy before submitting the evidence, not after.

https://discord.com/channels/506257399469047838/1242232799352721419

The above link goes through more evidence (mostly Erisos confessing) that TDJ knew the evidence was forged but still went through with submitting it in the ticket. It also includes TDJ threatening doly not to insult him further or his “unban will take longer to proceed” which raises eyebrows about him still retaining control in staff.

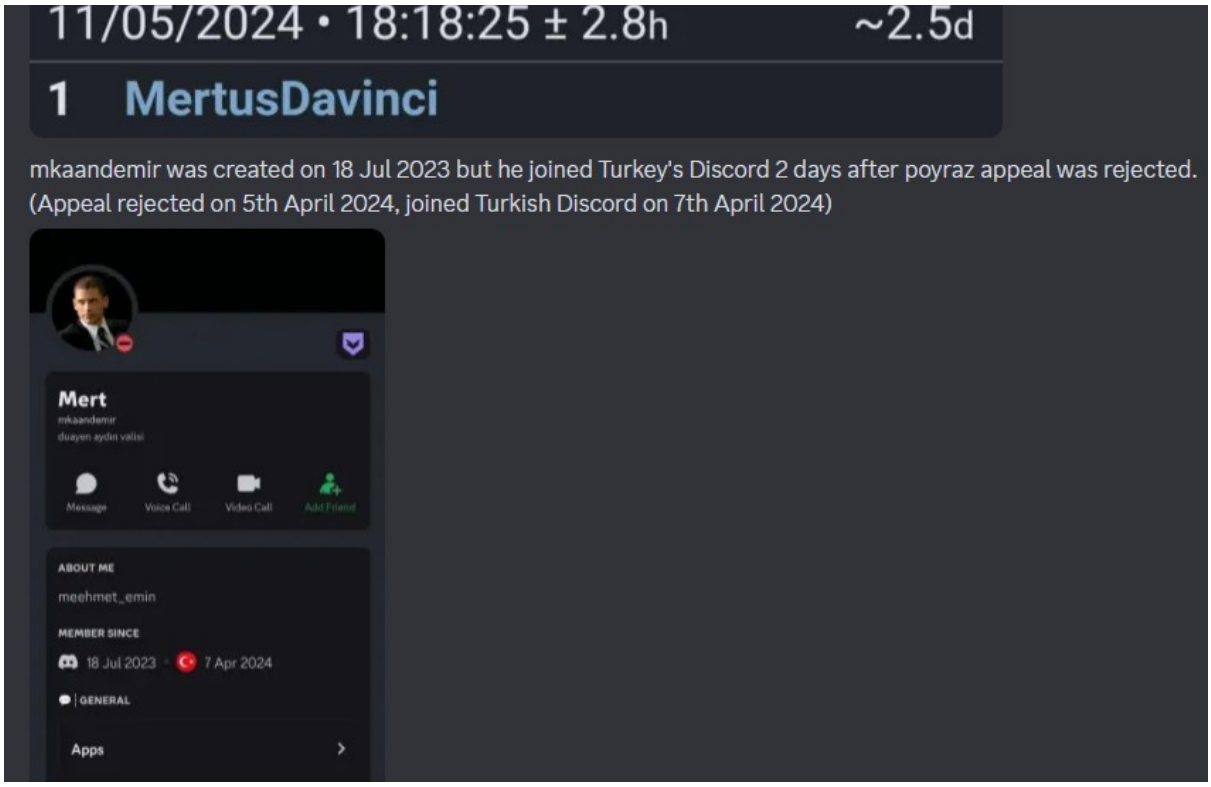
Done



TDJ helps mertus/poyraz in coordinating his alting ring and moving the alts into strategic towns to damage Turkey more. This helps TDJ and since tdj knew about the whole thing, thus making TDJ's criminal record even more worrisome.
